SCIENTIFIC REPORT
VISION HEALTH RESEARCH NETWORK
INSTRUCTIONS

Deadline to submit a report:

- At the end of each grant and if no renewal application is requested, a final report must be submitted to the VHRN (in the case of a renewal, the scientific report – PROGRESS REPORT - is **included** in the application form)
- An update may be requested for the VHRN renewal (June 2023)

Please submit your report BEFORE **APRIL 17 2023**

No member of the VHRN shall be eligible to apply for fundings (all competitions combined) if they are not up to date with the reports requested by the Network for grants on which they were listed as researcher or co-researcher.

Please send your report to:
Vision Health Research Network

SCIENTIFIC RESULTS (maximum 2 pages)

IF program: Describe the scientific discoveries ensued from the use of this common infrastructure between 2018-2023.

NIN / PP programs: Describe the scientific discoveries generated by this project.

Please make the content of your text accessible to a researcher who is not in your field.

PERFORMANCE (maximum 4 pages, excluding the present page)

Do not repeat information of the scientific results section
Include only the information relevant to the Infrastructure, program or project

IF program: Describe the relevance, strategic advantage and the impact of this infrastructure on the performance of the Network between 2018 and 2023.

NIN / PP programs: Describe the national and international collaborative nature of this project.

Scientifics reports will be assessed following the FRQS performance criteria established for the evaluation of their Thematic Networks, as listed below.

Please answer to all the items listed below when applicable.

1. Leverage effect (grants, public or private investments, partnerships with the biopharmaceutical industry or others).
 - a. Specify the title of the grant, the authors, the funding agency, the dates of beginning and end, and the amounts per year.
 - b. Explain briefly how the Network played a role in the attribution of the grant.
 - c. If it is an “in kind” partnership, describe and estimate the amount
 2. Development of new strategic and structuring initiatives
 3. National and international visibility
 4. Biotechnology development
 5. Added value for VHRN members and the scientific community
 6. Development of cross-sector projects and poles of excellence
 7. Training of the next generation
 8. Promotion of clinical research
 9. Added value for target community (new treatments, new personalized health care implementation of new health practices or policies).
 10. Knowledge transfer, valorization and public communications activities
 11. Free access to the results
 12. Highlight success stories

- 1) Group according to categories
- 2) Bold the names of the investigators members of the VHRN
- 3) **Precede by an asterix (*) all publications where funding by the VHRN is mentioned in the Acknowledgements section.**

*Reminder: It is essential that researchers acknowledge the VHRN and/or the *Fondation Antoine-Turmel (FAT)*, when applicable, in each publications and presentations for which funding from the VHRN or the FAT contributed (directly or indirectly). If this is has not been done, the FRQS will not recognize these articles and abstracts in its evaluation of our Network, which will reduce the passing grade and possibly the allocated funding.
